# Srikakulam Railway Network (Andhra Pradesh)

# Srikakulam (Andhra Pradesh)

## **Background:**

The District is bounded by the west is Bay of Bengal and towards the South East is Vijayanagaram district and towards north is state of Orissa. The major Rivers passing through the District are Nagavali, Vamsadhara Rivers

### LOCATION AND POPULATION

Srikakulam District, which is located in the north-eastern part of Andhra Pradesh, is one of the backward districts of the state, despite its natural resources and other potential, which are yet to be exploited. It is bound on the North by Orissa State, on the west and south by Vizianagaram District and on the east by Bay of Bengal. The total area of the District is 5837 sq.Kms. Administratively, the district is divided into three Revenue Divisions viz., Srikakulam, Palakonda and Tekkali with 38 constituent mandals comprising of 1870 villages of which 1767 are inhabited. There are 11 semi-Urban areas

In the district, of which 1 Municipality and 3 Nagar panchayats and 7 are notified major panchayats and 1053 are minor gram panchayats. As 2000-01 census, the population of the district is 25.28 lakhs. The Scheduled Caste and Scheduled Tribe population aggregated to 3.51 lakhs forming 15.1% of the total population of the district as against State average of 20%. There are 422370 farmers in the district, out of which 321764 are marginal and 60865 are small farmers. The female population is comparatively more in as much as the district has 1013 females for every 1000 males in rural area and 1011 females in urban area. The literates constituted 49% of the total population. The literacy Rate among males and females is 59% and 39% respectively.

### CLIMATE AND RAINFALL

Throughout the year, the climate is characterized by humidity. Though the summer is oppressive, the seasonal rainfall is generally good. The South—West Monsoon which follows the summer lasts upto the second week of October. The North-West monsoon starts from mid October to the end of November. The period from December to Mid-February enjoy rainfall for the year 1996—97 was 910 mm. Moreover for the year 1998—99, the district average rainfall is 1281.2 mm.

## FLORA

The forests in the district exhibit a variety of local charges in quality, composition and density. The forests are of varying types greatly differing in nature, inter-mixed and interrupted by superior or inferior types. These show, much diversity in representation and combination of the main species. The forests can be broadly classified as follows:

1. The South Indian moist deciduous which includes mixed forests, sal forests and hilly savannahs.
2. The South-Indian dry ever-green miscellaneous forests.
3. The South—Indian dry deciduous, which includes mixed forests and thorn forests.

## FAUNA

In the past, the district must have been the resort of several wild animals. Human habitation and the indiscriminate destruction of forests resulted in the disappearance of many species. Among the carnivores the tiger is almost extinct, but leopard, hyena and wolf are occasionally seen in the forests. The Herbivorous class is represented by the sambar and spotted deer or chital, while wild goat, and wild bears are the other common ones. The black buck, the blue bull and the bison are conspicuously absent in these parts. Among the birds, the Peafowl, peacock, jungle fowl, pigeon, parrot, myna partidges, ghoose, doves etc. are common.

### **District at a Glance.**

Geographical Area	:	5831 Sq. KM
Annual Rain Fall	:	1085.66 mm
Length of Costal Line	:	193 KM
Main Occupation	:	Agriculture
Main Sources of Irrigation (Rivers)	:	Nagavali, Vamsadhara
Major Crops	:	Paddy, Coconut, Cashew Ragi, Sugarcane, Jute Groundnut etc.,
Electrical Sub Stations – Existing	:	33/11 KVA 44 Nos. 132/33 KVA 04 Nos.
Proposed	:	33/11 KVA 12 Nos.
Industrial Estates/Parks – 4	:	1. Pydibhimavaram (Ac.400.83)

2. Kusalapuram (Ac.16.38)
3. Amadalavalasa, (Ac.19.52)
4. Palasa. (Ac.31.61)

Availability of Government Land : NIL. (However, private land can be procured.)

### **Resources:**

#### (i) Agro Resources

Paddy, Sugar cane,, Mesta, are the major crops grown in the District. Paddy (5,00,000 MT), Sugar Cane (650000 MT), Mesta (1,42000 MT)

#### (ii) Horticulture

Coconuts (99.616 MT), Cashew (10000 MT), Mango (91,800 MT), Pineapple (4,700 MT), Banana (23500 MT)

#### (iii) Mineral Resources

This district is very rich in Granite and Beach sand mining (Ilamanite, Silica etc.)

### **Infrastructure:**

#### EXISTING INDUSTRIAL ESTATES/INDUSTRIAL DEVELOPED AREAS:

There are 5 Industrial Estates and 2 Industrial Developed Areas are in existence. The latest vacancy position as follows.

Sl.No.	Name of the Estate	Area in Acres	No.of plots Developed	No.of plots allotted	No.of plots vacant	No.of sheds constructed.	No.of sheds allotted	No.of Sheds vacant
01.	IDA, Srikakulam (Rs.100-00 per Sq.mt valid up to 31.3.2003)	16.38	25	23	2	25	23	2
02.	MIE, Srikakulam (Rented Rs.60/- per month)	--	--	--	--	12	7	5
03.	APIE, Amadalavlasa (Rs.50-00 per Sq.mt.valid upto 31.3.2003)	19.52	49	48	1	4	3	1
04.	MIE, Balaga (Rs. 400-00 per Sq.mt.valid upto 31.3.2003)	1.50	6	6	--	--	--	--

05. IDA, Pydibhimavaram	403.34	292.48	246.72	45.76	10	4	6
Small plots			38.51	7.49	31.02		
(Rs.120-00 per Sq.mt.valid upto 31.3.2002)							
06. IE., Palasa	31.61	99	33	66	--	--	--
(Rs.45-00 per Sq.mt.valid upto 31.3.2003)							
07.IE, Seethampeta	4.40	Handed over to the project officer,ITDA, Seethampeta (Rs.5.00 per Sq.mt valid upto 31.3.2003) Tribal area.					

**POWER:**

There are no Hydro or Thermal power generation units in Srikakulam district. Power supplied to the district from AP Ring main through KTPS, VTPS and Soberu projects. The District is getting the power through 132 KV substations viz., Tekkali, Chilakapalem junction and various 33/11 KV substations. All the details are given below.

**CHILAKAPALEM 132/11 KV—2X16 MVA CAPACITY**

S.No.	Name of the substation MVA	Voltage ratio	Capacity	in
1.	Srikakulam	33/11 KVA	2x5 MVA	
2.	Amadalavalasa	33/11 KVA	2x5 MVA	
3.	Tulugu	33/11 KVA	2x5 MVA	
4.	Ponduru	33/11 KVA	2x5 MVA	
5.	Pydibheemavaram	33/11 KVA	2x5 MVA	

**PALAKONDA—132/11 KV—2X16 MVA CAPACITY**

6.	Palakonda	33/11 KVA	2x5 MVA	
7.	Veeraghattam	33/11 KVA	2x5 MVA	
8.	Sarubujjili	33/11 KVA	2x5 MVA	
9.	Kotturu	33/11 KVA	2x5 MVA	
10.	Hiramandalam	33/11 KVA	2x5 MVA	

**TEKKALI—132/11 KV -- 2X16 MVA CAPACITY**

11.	Tekkali	33/11 KVA	2x5 MVA	
12.	Narasannapeta	33/11 KVA	2x5 MVA	
13.	Kotabommali	33/11 KVA	2x5 MVA	
14.	Patapatnam	33/11 KVA	2x5 MVA	
15.	Challavanipeta	33/11 KVA	2x5 MVA	

PALASA—132/11 KV -- 2X16 MVA CAPACITY

16.	Palasa	33/11 KVA	2x5 MVA
17.	Sompeta	33/11 KVA	2x5 MVA
18.	Ichapuram	33/11 KVA	2x5 MVA
19.	Mandasa	33/11 KVA	2x5 MVA
20.	Kaviti	33/11 KVA	2x5 MVA

GARIVIDI—132/11 KV—2X16 MVA CAPACITY

21.	Rajam	33/11 KVA	2x5 MVA
22.	Ranasthalam	33/11 KVA	2x5 MVA

In addition 11 express feeders are in existence at Rajam, Ranasthalam, Tekkali, Ponduru and Etcherla areas exclusively useful for industrial purposes to supply uninterrupted power supply to the existing Large and Medium scale industrial units.

WATER:

The important rivers in the district are Nagavali, Vamsadhara, Suvarnamukhi, Mahendratanya and Bahuda. The Nagavali and its tributaries provides irrigation for Major parts of Palakonda, Ponduru , Rajam, Regidi Amadalvalasa, Vangara, Santakaviti, Burja, Veraghattam , and Srikakulam Mandals. The Vanmsadhara river provides irrigation to large extent in Patapatnam, Narasannapet, Kotabommali, Polaki, Amadalavalasa, Gara, Saravakota, Mandals. Bahuda river irrigates considerable extents in Ichapuram and kaviti mandals.

Vamsadhara Project provides good irrigation facility through canal system. 45,310 hectares covered under this project.

S.No.	Name of the Source	Ayacut area in Hectares
01.	Vamsadhara Project system	45,310
02.	Narayanapuram Ayacut	23,000
03.	Thotapalli regulata	17,085
04.	Pydigam project	2,000
05.	Open head canals	19,745
06.	Tanks	77,110
07.	Tube wells	10,107
08.	Other wells	10,345
09.	Lift irrigation	331
TOTAL		2,05,037

## ROAD/RAILWAY/AIR/WATER TRANSPORT NET WORK:

The important Howrah – Chennai main line passes through the district by means of both broad gauge (156 kms) and meter gauge (37 kms) length of railway line and thus given access for reaching both the ends in the East and South of the Country. The district has 26 railway stations connecting important places like ponduru, Amadalavalasa, Naupada, Palasa, Ichapuram etc., in the District.

The Chennai – Howrah high way i.e, NH5 – passes through, the District for the length of 173.4 kms while the State high way & Zilla Parishad roads are 133.82 kms & 1995.43 kms respectively. Besides, the mandal paishad roads are covering the district to an extent of 1137.31.kms. The APSRTC is maintaining a fleet of buses for providing transport facilities even to the interior corners of the district.

The nearest Airport is Visakhapatnam which is about 100 kms away from the district head quarters. It connects to all important places in the country.

Fishing harbour is being established at Bhavanapadu village. About 200 mechanised boats are providing berthing facilities at this harbour. The district is bussed with 193 kms coastal line but sufficient water transport is not being carried out for fishing purpose. There is natural harbour at Visakhapatnam which is 100 kms from Srikakulam.

## SOCIAL INFRASTRUCTURE (ENTREPRENEURSHIP)

Though Srikakulam is identified as backward district it has got immense scope for establishing agro-based industries. Cashew, mesta and coconut are the most important crops grown in the district. The youth of the district do lack in entrepreneurial skills and hence organization of motivational campaigns and EDPs are very much essential. In spite of few drawbacks, many technically qualified persons are available in the district to take off any venture successfully. Some of the successful enterprises include automobile spares (Specially pistons) mesta products, jute products, coir, cashew processing, desiccated coconut powder etc., can be taken up with the available resources.

## MARKETING POTENTIAL:

The district has sufficient network of marketing facilities particularly to market the agricultural produce. The district is on the National Highway and on the main line of Howrah—Chennai railway route. There is a great accessibility to Calcutta and Chennai markets. There is good demand for various agro inputs such as fertilizers,

chemicals, pesticides, plastic moulded goods, agricultural implements, spares for jute mills, rice mills etc., There is good market potential for various products required for pisciculture, horticulture, sericulture etc., Many consumable items are being purchased from Calcutta, Chennai. Hyderabad and Vijayawada market exists for many more products in the district

### **Industrial Scenario:**

The District has 29 Large and Medium Industries in Jute, Textiles, Chemicals & Pharmaceuticals, Auto Parts Sector with in investment of Rs. 735 Crores. Major Industries in the District are Dr.Reddy Labs, SAM KRG Pistons, GMR Technologies, and Saritha Synthetics

#### LIST OF EXISTING LARGE AND MEDIUM SCALE INDUSTRIES

## INSTITUTIONAL SUPPORT

	Phone Nos
1. General Manager, District Industries Centre, Balaga, Srikakulam.	279353, 225895
2. Branch Manager, AP State Finance Corporation, Srikakulam	222593
3. AP Khadi & Village Industries Board, Nakka street, Srikakulam	223349
4. Inspector of Factories, Govt.Hospital Road, Srikakulam	279158
5. S.E., APEPDC, Day&Night junction, Srikakulam	222359
6. Assistant Director, Mines & Geology, santinagar colony, Srikakulam	229984
7. Labour enforcement officer, Bondilipuram, Srikakulam	221179
8. DYWO Society for training & Employment, Collectorate, Srikakulam	222089
9. E.D., BC Welfare corporation, Collectorate, Srikakulam	223608
10. E.D., SC Corporation, Collectorate, Srikakulam	222580
11. P.O., ITDA Complex, Seetampeta	25933
12. P.D., DRDA, Collectorate, Srikakulam	222591
13. Dy.Zonal Manager, APIIC, Indl.Estate, Vizianagaram	226322
14. E.E., AP Pollution Control Board, Vizianagaram	227370
15. Lead District Manager, Andhra Bank, Srikakulam	223076
16. District Co-ordinator, SBI, Srikakulam	223335
17. Assistant General Manager, NABARD, Srikakulam	221379
18. Regional Deputy Director (Town & Country Planning), Seethammadhara (West), Visakhapatnam-13.	2550125

### **Scope for resource and demand based industries:**

Basically, the District was predominantly classified as agrarian potential. There is good scope for establishment of various industries both resource and demand based. The prospects for setting up of the industries based on Agriculture, Horticulture and Forest produce products can also be envisaged. Since the District is in the nature of Agrarian economy, there is ample scope for establishment of Rice Mills, Straw Board, Jute based products, coconut and cashew processing units etc.

Added to this there is scope for coming up, Mineral based products, such as Granite Polishing and cutting units, stone crushing units, Chemical, Marine, Salt based units etc.

### **Agriculture:**

There is an average yield of paddy about 5.00 lakh tones per annum and 800 trading Rice Mills are existing apart from servicing of Rice Mills in rural areas. Hence there is scope for more than 500 Rice Mills in addition to Solvent Extraction Plants, Jute (Mesta) and Sugarcane are the major crops in the District. The Jute is being grown in 20 mandals in this District. Basing on jute (mesta), 11 units are in existence. There is further scope of setting up of 10 more Jute Twine Mills and other jute based units and jute diversified products such as particleboards, laminated jute boards Jute shopping bags etc.

### **Irrigation - Rivers (Nagavali & Vamsadhara):**

Vamsadhara	-	Left Canal	-	1,38,000 Acres
Vamsadhara	-	Right canal	-	37,000 Acres
Nagavali	-		-	39,000 Acres
Mahendra Thanaya			-	5,000 Acres
Madduvalasa Project			-	25,000 Acres

### **Sugarcane:**

In this district, 10,500 Ha. Sugarcane crop is grown giving a yield of 6,50,000 MT. Already two sugar factories with a crushing capacity of 4200 tons are existing - one at Sankili, R.Amadalavalasa (M) and Amadalavalasa. Hence there is scope for setting up of one more Sugar Factory basing on the availability of Sugarcane.

### **Horticulture:**

Under this sector Coconut, Cashew, Mango Pineapple, Mango, Banana are being cultivated in the following extents (approx.)

1. Coconut	:	10,000 Ha
2. Cashew	:	20,000 Ha
3. Mango	:	15,000 Ha
4. Pineapple	:	600 Ha
5. Vegetables	:	4,000 Ha
6. Banana	:	1,200 Ha

In addition to the 15 Coir based existing units, there is good scope for 5 more units such as Curled coir rope, mats, mattresses as there is lot of demand.

Under cashew, more than 100 cashew-processing units are in existence and there is scope for another 50 units on similar activities besides Cashew apple fenny, Cashew shell oil can be developed. Further basing on Mango & Pineapple fruits, pulp and fruit canning units can be encouraged. In addition to the above, there is wide scope for setting up of a cold storage units, as there is only one unit exists in the district.

**Minerals:**

This district is very rich in Granite and Beach sand mining (Ilamanite, Silica etc.). About 200 granite quarries are working duly obtaining Quarry licenses. Most of the granite raw blocks are being transported and exported. Only 6 Granite cutting & polishing units are working. As there is good scope for Granite Cutting & Polishing units, it is contemplated to set up an estate exclusively for granite-based industries to a tune of 50 units at Tekkali and its surroundings.

**Salt:**

The District has 193 KMs of long coastal line. Salt is cultivated in 5 Mandals -- S.Bommali, Tekkali, V.Kotturu, Nandigam & Gara -- yielding about 51,000 MTs of raw salt in Ac.5000. So there is scope for setting up of 10-15 iodized salt & Salt Grinding units in these Mandals

**Marine Resources:**

The District is having 193 KMs of Cost-line covering 104 fishermen villages. Marine Fish and prawn are also available. So there is ample scope for setting up of fish & Prawn Processing units and cold storage units.

**Animal Husbandry:**

The marginal formers, who are large in number, are habituated to possess many milch animals. Four milk-chilling centers have come up so far. Dairy Product units can be encouraged. Poultry, eggs, meat & meat products are also having good potential.

**Chemical industries:**

In recent years, the District has become a hub of Drugs and pharmaceutical Industries duly dispersed from Hyderabad. These type of Industries are housed at

Pydibhimavaram, Ranasthalam(M). Now, 3 such Large & Medium industries are working and 4 more units are proposed to come up shortly.

### **Tourism Development:**

Under Tourism, the following places have plenty of scope for the development of tourist spots in the district.

1. **Callingapatnam Beach Resorts:** The Department of Tourism recognized Callingapatnam for Beach Resorts and it is having good scope for water sports. After Visakhapatnam, Callingapatnam is a clean vast stretch of sand Beach. Sunrise and Sunset is very much thrilling and looks like Kanyakumari.
2. **Mopasbandar Sea-view Resorts/Cottages:** It is a confluence of Nagavali in Bay of Bengal. Lush green plants, Blue-Serene waters, Green fields with crops lures attracts the people. It is estimated to construct with Rs.1.00 crore for cottages on the line of Punnami Resorts. It is just 10 minutes rides from Srikakulam.
3. **Sri Suryanarayana Swamy Temple:** It is a unique temple of "Sun God" in the country. The lord Sri Suryanarayana Swamy – the God of Health and Vision – is at Arasavilli in the Srikakulam town limits. Tourists and pilgrims visiting the Temple every day.
4. **Sri Kurmanadha Swamy Temple:** Sri Kurmanadha Swamy temple of Srikurmam of Gara Mandal is 15 KM away from Srikakulam. It is also a unique temple in the country. The temple is under the development plan of Endowments Department.
5. **Vijayaditya Sagar Park:** It is on the NH-5 near Srikakulam limits in 11 Acres area. It is a pleasant and cheerful place for elders and children. There is requirement of Restaurants and Accommodation for wayside amenities. It caters the needs of all sections.
6. **Telineelapuram:** It is situated near Tekkali. It is a lake-like resort for Birds (Pelicans) in winter season that looks like a scenic beauty for the visitors.

In nutshell, whenever the tourists and pilgrims visited for pleasure or religious devotion, Srikakulam town Hotels and Restaurants are the only source. Presently most of them came forward to construct Resorts, Restaurants and wayside amenities to cater the needs of the Tourists.

## **Investment Opportunities:**

1. Agro Based Industries:
  - a) Rice Mills
  - b) Rice Bran Oil
  - c) Sugar Mills
  - d) Particle Boards Based on Jute
  - e) Laminated Jute Boards
  - f) Jute Shopping Bags
  
2. Horticulture based Industries:
  - a) Coir Based Industries
  - b) Cashew apple fenny
  - c) Cashew shell oil
  - d) Fruits pulp and fruit canning unit
  
4. Mineral based industries:
  - a) Granite cutting & polishing
  - b) Garnet from beach sand
  
5. Marine Based:
  - a) Fish & Prawn Processing
  - b) Cold Storage units for fish & Prawns
  - b) Iodized Salt

## **New Projects Coming-up:**
